Parent Information Booklet

“Striving to make the difference.”
INTRODUCTION

The purpose of this Parent Information Booklet is to provide parents with a ready reference to the things that happen at Coomandook Area School.

Sometimes there will be enough information here to answer all of your questions. At other times there will only be enough to get you started and you will need to seek more information to fully answer your question.

Please keep this folder handy so that you can use it to help answer those questions.

The school Newsletter will also provide you with relevant information about the school, as will the school’s website. (Website address: www.coomyas.sa.edu.au). You might like to jot notes in this folder to keep your information up to date.

The greatest support available to your child/ren is the communication channel between home and school/parents and teachers.

Let’s keep that channel open so that we can work together for the benefit of your children.

Mrs Kath Macalister
Principal.

HISTORY OF THE SCHOOL

At the end of 1960 the Cooke Plains, Yumali, Moorlands, Netherton, Ki Ki and Coomandook schools closed their doors for the last time.

In February 1961, students from these schools were transferred to the new Coomandook Area School. The first Principal was Mr. John Steinle. Opening enrolments were 130 primary students, 34 secondary students and 9 staff. The school was officially opened by Sir Eric Bastyan, the then Governor of South Australia, in 1962.

Sherlock school finally closed in December 1970. Its students were also transferred to Coomandook. The Coonalpyn Primary School caters for children in the Coonalpyn area from R–7, but from year 8 onwards, most of these students continue their education at Coomandook Area School. In more recent years, some students have been coming from the Tailem Bend and Geranium areas to Coomandook.

After opening, the school has increased steadily in numbers with new rooms being added. Matriculation was introduced in 1976, and at present we have 170 students Reception to Year 12, 18 teachers and 8 ancillary staff. The school is presently divided into three sub schools: Junior School (Rec – Yr 5), Middle School (Yr 6 – 9) and Senior School (Year 10 – 12).

The kindergarten was built on the school block in 1986 and has become closely associated with the R –12 students and staff. There are approximately 12 in the Playgroup/Kindergarten groups with a Director and 2 Early Childhood Workers.

The school emblem, which was designed by Mr. R. Bannon, sums up the role of the school. The boomerang motif denotes the daily movement of the children to and from the district around Coomandook. The compass indicates the various directions of these districts, while the Southern Cross shows their essential unity. The aboriginal injunction WARRENDI is in keeping with the close association of the Aboriginal people of the district, and reminds us “to seek”.

Middle School:
While Coomandook Area School no longer has an official Middle School, the Middle School philosophy is evident throughout the school. Secondary School
The Secondary School (Years 7 - 12) rotates from room to room for their lessons with teachers staying in set rooms. The Secondary School is managed by the Senior Coordinator.

Absence from School

1. Under the Education Act, all students between the ages of 6 and 17 are required to have absences explained to the school by their parents or guardians.
2. Students not under compulsion are requested to bring a note about absences as a matter of courtesy.
3. Parents/Caregivers are encouraged to inform the school of planned absences via the proforma included in the school newsletter prior to the day of absence, rather than a letter in the diary following the absence. This proforma can be used if a student will be attending an appointment or an event that is planned and known about prior to the day. A proforma should be completed and forwarded to the homegroup teacher of each student so the teacher can mark the roll accordingly and the completed proforma will be filed with the Roll Book.
4. It is not always known in advance that students will be absent from school and in the case of unexpected absence, such as illness or emergency, a phone call can be made to the school in the morning prior to 9am so we are aware of the absence. Please feel free to call as early in the morning as you wish, as a message may be left on the answering machine. (Ph 85733007)
5. If the school has not been notified regarding a student’s absence by 10.30am, a phone call or SMS will be made by the school to the Parent/Caregiver to ascertain the student’s whereabouts. These systems are used to ensure student safety. A number of students’ bus stops are located on busy roads and should something untoward occur (eg illness, snakebite, abduction etc) it could be many hours before anyone is notified, so we would appreciate your cooperation in this.
6. If a prolonged absence is anticipated, please contact the school in advance if possible, as school work can be set to be completed during the absence. Prolonged absences due to family commitments such as holidays need to be approved by the Principal or DECD, depending on the length of time. An exemption form is required for prolonged absences; in these circumstances; please contact the school for further information.
7. Students on Youth Allowance.
   a. It is a DECD requirement that schools keep accurate records of absences for these students and report any “unapproved or unexplained absences” to the relevant department (Centrelink).
   b. “Unapproved absences” are defined as absence not due to illness. Going shopping with parents, hair appointments, getting a drivers’ licence or staying home, etc. are “unapproved”.
   c. Students who accumulate 5 days of “unapproved absences” per term may lose the equivalent of three week’s payment of Youth Allowance.
   d. All students, therefore, must furnish a signed note for “approved absences” if they don’t want to lose their Youth Allowance entitlement.
   e. Absences due to illness of more than 3 days should be supported by a Doctor’s certificate.

ASSESSMENTS and REPORTING
Some form of student reporting occurs at the end of each term, but they vary from term to term and for different year levels.

Types of reporting include :
• Portfolios (Junior School).
• Detailed subject reports and grades.
• Brief subject reports and grades.
• Student Achievement Records (School Leavers).
• Literacy and Numeracy Testing (LaN) (Years 3, 5, 7 and 9).
• “Year in Reflection” or “Term in Reflection” overview.
• Junior School standardised test results Term 1 and Term 4.
• Parent Teacher interviews.
**BEHAVIOUR MANAGEMENT POLICY**

We aim to encourage and appreciate each member of the Coomandook School Community. In line with this philosophy there is a Behaviour Management Code, a copy of which is given to all parents. This outlines the expectations and rules of the school and the managing of unacceptable behaviour. The policy has been written by parents, students and staff and is available for parents on request.

**BUS INFORMATION**

Students are eligible to travel on a school bus if:

- they live more than 5kms from the school or have approval from the school Principal to travel on the bus.
- there is room on the bus and permission has been granted by DECD, students may travel past the nearest school or nearest bus route.

**Alterations To Routes**

Due to changes to where people live, there may be a need to alter bus routes. In all cases, any request must first be forwarded through the Governing Council. The Bus Committee may be asked to prepare formal applications or to review bus routes from time to time. Governing Council then forwards recommendations to the DECD Transport Section in Adelaide. Bus timetables are up-dated at the beginning of each year and copies are available from the school.

**Student Behaviour Management On Buses**

The Principal is responsible for setting standards of behaviour on buses and ensuring that drivers control those standards and report breaches accordingly. Misbehaviour must be reported to the Principal/Deputy Principal who will follow up these reports and take whatever action is deemed necessary.

**Student Code of Behaviour on School buses**

In the interest of safety, all students must comply with the following rules:

1. Enter and leave the bus in an orderly manner
2. Remain in their seat at all times
3. Do not interfere with or annoy any passengers including the driver
4. Talking shall be at a normal classroom level
5. No abusive language
6. No throwing anything, both inside or outside the bus
7. No eating or drinking unless bus driver’s permission is given
8. Place bags in the racks or under the seats – not in the aisles

**Other matters**

1. Use of electrical equipment such as IPODs, MP3 players is at the discretion of the driver.
2. Stopping at local stores for mail and other goods is at the driver’s discretion. Such stops are expected to be as short as possible so that other passengers and parents are not inconvenienced.

**BUS ALLOWANCES FOR STUDENTS**

DECD pays an allowance to parents who need to convey their students by car AND who live more than 5 km from the nearest school or bus stop. Initial application is made through the school on form VL226 which requires the applicant to draw an accurate sketch map showing distances. At the end of each term, a form VL228 is forwarded to DECD which indicates the total number of days attended by each student in the family. To make our task easier, these forms are sent home at the beginning of each year to be signed by the parent/guardian. A conveyance Allowance is not paid if you receive the Isolated Children’s Allowance.
**BUS BREAK DOWN**
In the case of bus breakdown parents will be notified as soon as possible.

**In the morning**
If a bus breaks down in the vicinity of your home could you please:
- Advise the school on 85733007.
- Then advise other parents by ringing the next person on the run and ask that they do likewise – this shares the expense and time.
- If the next person is already at the bus stop, or cannot be contacted, ring ahead until you contact the next available person.
- If you have been waiting for some time either return home to ring the school, or drive along the route until you meet the bus.
- If the bus cannot be started, we will make alternative arrangements as best suits the situation.

**In the evening**
As in the morning:
- If fairly obvious that it will take time to remedy, ring parents to pick up children from bus – perhaps one parent may be able to take several families.
- Contact the Principal if problem cannot be solved.

It will be difficult and will make it too late to supply an alternative bus in the evening.
If a bus breaks down in the evening and cannot run next morning, we will endeavour to let everyone know and make suitable arrangements. Private contractors are required to find an alternative bus in case of breakdown and to notify parents of any problems.
Where possible the SMS system will be used to notify parents/caregivers of any problems and plans to rectify the situation.

**CERTIFICATE OF MERIT AND CERTIFICATE OF ACHIEVEMENT**
These awards are presented at the end of Semester 1 and Semester 2.
These awards recognise students who have been very successful in their subjects and there is a criteria that must be met in order for students to receive an award.
The Certificate of Merit is the highest award given for students who have done extremely well in all of their subjects. The Certificate of Achievement is for students who have done very well in all of their studies.
These awards are presented at a formal school assembly.

**CLASS FORMATION PROCESS (ALLOCATING STUDENTS TO CLASSES)**
Each year the school staff will allocate students to the classes by using a check list/formula that examines a number of factors prior to each placement. Parents can influence this process by providing relevant information regarding special needs that their children have during the placement process.

**Process Used**

<table>
<thead>
<tr>
<th>STEP</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>STEP 1</td>
<td>Staff and parents will be informed as to the classes structure for the following year via the newsletter.</td>
</tr>
<tr>
<td>STEP 2</td>
<td>Parents can submit in writing any special needs their child has and give the Principal a preference of placement.</td>
</tr>
<tr>
<td>STEP 3</td>
<td>Staff will prepare draft class lists using the stated factors to assist in their decisions.</td>
</tr>
<tr>
<td>STEP 4</td>
<td>Parents/Carers will be contacted directly where there are unusual or special circumstances surrounding the school’s placement of their child. An interview will be arranged if needed.</td>
</tr>
<tr>
<td>STEP 5</td>
<td>The Principal endorses the class placements.</td>
</tr>
<tr>
<td>STEP 6</td>
<td>Parents and students will be informed of class placements before the end of the current year.</td>
</tr>
</tbody>
</table>

Changes will only be made in ‘EXCEPTIONAL’ circumstances where staff and/or parents can provide information that was not known prior to the exercise.
The Principal reserves the right to alter placements if circumstances change from the time they are published to the time school goes back the following year. This may occur if staffing has been changed or other factors occur that were not known at the time decisions are taken.

Factors To Be Considered In Student Placements
- Behavioural issues between students
- Peer relationships
- Social maturity and the ability to cope with the social demands of a new class.
- Gender balance - a balance of girls and boys in each class.
- Physical maturity - the size and ages in each room
- Special abilities and needs of each student
- Intellectual capabilities (including work and study habits)
- Siblings in the same class - where brothers and sisters have to be in the same class
- Class history - where students have been together or split in the past
- Parent preferences - information supplied by the parents
- Teacher history - whether the students have had the same teacher for a period of time

Placement Concerns
Any grievances that parents have in relation to the published class lists can be taken up directly with the Principal. Concerns are to be addressed prior to the new year starting.

Teacher Allocation To Classes
The Principal will allocate teachers to classes once the classes have been determined. Teachers will be allocated according to a "best fit" policy. That is, which of our teaching staff best meet the needs of the class of students. This allocation will not take place until after the classes are determined.

COLLECTION OF STUDENTS
1. No student is permitted to leave the school grounds during school hours without the permission of the Principal, Deputy Principal or a Sub School Manager.
2. If students need to be collected during the day by parents/guardians, a note must be written in the diary, or preferably, a Planned Absence Proforma used (this can be found in the school newsletter). This should include the date and time of collection.
3. The note must be sighted by the Home Group teacher so the class roll can be entered correctly, and then shown to other teachers who will be affected by the absence.
4. Parents are requested to collect children only from the administration area in order to log students in and out of the school via the Incidental Absence Management Programme on the computer in Administration.
5. Where custodial rights exist, a copy of the legal document should be supplied, preferably at enrolment, and a copy placed in student’s file. This is done in order to protect parents, child and staff rights.

CONCERNS, PROBLEMS AND COMPLAINTS
From time to time parents do have a concern about their child or an aspect of the school. The most important single step that you as a parent are asked to take is to communicate that concern through appropriate channels as outlined below and in our Grievance Procedures Policy.
1. Talk to the person (staff member) who is directly involved with your concern.
2. If still unhappy, think about your concern and make another appointment to negotiate. There is always more than one solution.
3. If the above step fails, approach the Sub School Manager or the Principal with your problem or concern. Please tell the staff member that you are going to pursue the matter and with whom.
4. If you cannot get an acceptable solution to your problem tell the Principal that you are going to pursue the matter and seek advice as to who is the most appropriate person to relate your concern.

You may choose to write or to contact the Educational Director. Information regarding the appropriate person to contact can be found at the start of this booklet, along with information regarding Parent Complaints and Concerns.
It is important that you communicate your concerns to the school. If your concern is not known then it is unlikely that it can be resolved. Friends, neighbours or relatives do not have the power to resolve issues. You need to discuss these issues with the people who can resolve them – namely the school. It is suggested that you work through the steps that are set out to resolve any issues. The school has a comprehensive website where information regarding Parent Complaints and Concerns can be accessed.

COUNSELLING/YOUTH WORKER
This is available to any student with problems at school or home who wish to speak to the Youth Worker or Pastoral Support Worker (PSW). Also, the Youth Worker/PSW may sometimes request an interview with a student as a follow up to complaints from other students or teachers. Discussions are confidential and students are encouraged to take control of difficult situations and work through their problem appropriately.

On enrolment the Youth Worker will hold an information meeting with the enrolling student. At this time a WAT (Wellbeing Assessment Tool) will be undertaken. This is a tool which provides a snapshot of a student’s circle of influence, strengths and deficits and is used to assist all students who enrol at the school.

Career Counselling:
The Secondary Manager:
- Receives, organises, displays and publicises appropriate career, job and course information.
- Organises visits by speakers in various career areas.
- Organises Work Experience for Year 10 and 11 students.
- Counsels students on subject choices, career paths and study options.

COMMUNITY USE OF THE SCHOOL
1. In school hours:
   Negotiations must be made with the Principal or Deputy in the first instance if the school rooms need to be used for other than school purposes. Plenty of notice needs to be given so that arrangements can be made with the faculty area concerned, and clashes with classes can be avoided.

2. Out of School Hours:
   2.1 If you wish to make a booking, please do so through the Principal. In some cases an indemnity form may need to be signed.
   2.2 A hire charge may be made if there is some expense to the school.
   2.3 Facilities available for use by outside organisations are rooms, oval, pool, tennis courts and school furniture.
   2.4 Organisers are asked to observe the following:
      - The area or room is left clean and tidy.
      - Cars are parked in designated parking areas.
      - The user makes arrangements about the collection and return of keys and that the premises are left locked.
      - No smoking on the school ground.

COMMUNITY USE OF THE SCHOOL POOL
People wishing to use the School Pool for private or community purposes must contact the Principal.

DENTAL CLINIC
The School Dental Service is the major provider of dental services for babies, children and young people under 18 years in South Australia. Around 130,000 children attend every year. The Commonwealth Child Dental Benefits Schedule for 2 – 17 year olds started in 2014. All children are very welcome to continue to access dental care at the School Dental Service. Dental care is FREE for most children and the School Dental Service will bulk bill Medicare. Children who do not qualify for the Child Dental Benefits Schedule can also attend – a small fee will apply for each course of general dental care provided.

School Dental Clinics are located across Adelaide and regional SA. To locate your local School Dental Clinic, and for more information about the Child Dental Benefits Schedule, visit www.sadental.sa.gov.au
**DIARIES**

Junior School students have Communication books or diaries at the Teacher’s discretion. Students from Years 6 – 12 are required to have and maintain a School Diary. This diary is a means of two-way communication between the school and parents.

The diary is to be used by students to record work set for homework and the time spent on it, results of test, assignments and projects, reminders for lesson preparation, dates when work is due or activities are to take place. It also contains a “Movement Log” for trips made during lesson time.

It is also to be used by parents to communicate with staff and supply notice of early departure for such things as medical or dental appointments (with dates and items).

The diary is also to be used by teachers for notes and reminders to students and parents. These notes may be about the standard of work presented, level or preparedness for lessons (eg PE gear “forgotten”) or homework issues.

The diary is not a private one, and should be taken by students to each lesson during the day. Any member of staff may request to examine the diary, or to write a note in it. It should be seen and signed by the parent/s each week, and it is signed by the Home Group teacher each week.

**DRUG POLICY**

1. Any staff member who has reason to suspect any other person (student, staff or visitor) to be under the influence, in possession of, using or permitting to be used, or supplying a drug shall report the matter to the Principal as a matter of urgency.

2. The Principal will then investigate the matter having due regard for:
   2.1 The welfare of the student or staff member concerned.
   2.2 The welfare of the student body (the school).
   2.3 The legal implications.
   2.4 The rights of the parents of the student involved.
   2.5 The seriousness of the incident.
   2.6 For breaches with illegal drugs – the police will be involved.

3. This Policy shall operate within the school:
   3.1 While on, or adjacent to, school premises.
   3.2 While attending school functions or school sport.
   3.3 On school excursions/trips/camps.
   3.4 Travelling to and from school on school buses.

4. The Policy shall be binding on all students and school personnel at this school.

5. The word drug is to include all illegal drugs, prescribed drugs and other harmful substance which are abused.
   5.1 In the case of students under 18, alcohol and tobacco are included within the definition of a drug.

**SMS Program**

The school has an SMS programme. This programme allows us to make immediate contact with parents and caregivers with regard to emergency situations via text messaging such as when a catastrophic fire day has been declared by the Educational Director and the school is closed. If you receive an SMS from the school, it would be greatly appreciated if you would respond accordingly.

**ENROLMENT PROCEDURES**

1. Enrolment forms are available from the School Administration Officer and are to be completed by the parent or legal guardian: The enrolment form is accompanied by a Permission Form, which asks permission for students to participate in headlice checks, ambulance transportation, if required, student photo/image use for promotional purposes and local excursions. There will also be a registration form for the Community Library. A meeting with the Principal and/or Sub School Manager is required prior to enrolment.
2. Stationery is distributed at the start of each school year. At times, new enrolments require additional stationery to their existing stock and this can sometimes be supplied to them by the school although it usually need to be purchased elsewhere.

3. Items of uniform are available for purchase from the school’s administration office.

**EXCURSIONS AND CAMPS**

During the year teachers may organise excursions and camps varying from one day (or shorter) to 5 or more days.

In every case a consent note will be sent home advising you of:
- Venue.
- Time and Date.
- Cost – if applicable.

Short trips in the local area (not overnight) are covered by the general (local) consent form, filled out at the beginning of each year (eg trips to local the tennis courts, hall etc).

In the case of camps or excursions further than the Coomandook township and planned for a considerable time, a preliminary letter will be sent home to gauge interest, prior to making any definite plans. Teacher’s organising the excursion will also send home a special consent form. In addition, they will provide you with information on:

- What they hope to achieve during the excursion
- Approximate cost
- A summary of the itinerary or main activities, as appropriate

Staff plan excursions and camps as an important part of your child’s curriculum and social development. The school strongly encourage you to allow them to participate. We do recognise the right of parents to choose whether or not their children attend such excursions and camps, but we feel they are a vital part of the total school program.

If there is a reason for not attending such as financial or medical – please feel free to contact the school as we may be able to cater for such problems.

On many occasions we ask for assistance from parents in helping with these activities and the response has been excellent. Parents/Caregivers who attend camps and excursions are required to undertake a Police Check, which is paid for by the school.

**EMERGENCY PROCEDURES POLICY**

There is a comprehensive Emergency Procedures Policy in place in the school. It covers both Internal and External fires and ensures the safety of your children at all times should there be a fire.

Fire Drills are conducted twice a year to familiarise the whole school with the necessary action to take in an emergency.

We use the SMS programme, outlined earlier in this brochure, to notify of emergency situations via text messaging.

Included in the Emergency Procedures Policy, is also an Invacuation Procedure which is to be followed where the school is threatened by an outside source such as chemical spill, gas leakage or intruder. Two drills each year are conducted.

**EXPRESSIVE ARTS AT SCHOOL**

There are often occasions during the school year when various entertainers visit the school. These visits are of excellent cultural value, and add enrichment to the lives of the students. There may be a small charge made for these visits.

**FINANCIAL ASSISTANCE**

School Card Information and eligibility requirements are available from the Finance Officer. There are cut off dates now so you must apply within 4 weeks of starting school.

We advise you to obtain up to date figures in the Youth Allowance Application and guide. For further details please contact our Finance Officer at school or Centrelink.
FIRST AID
All staff are trained in First Aid procedures. If your child has a specific medical condition there are procedures in place to ensure the safety and wellbeing. You will be contacted by the school to have particular forms completed by a GP and to set up specific needs should you indicate on the Enrolment Form that your child has a medication condition.

HARASSMENT POLICY
An adjunct to Behaviour Management is the Harassment Policy. Each manager and supervisor at all levels aims to ensure that our learning place is a safe and caring environment and free from harassment of all forms. Harassment is unacceptable and complaints of such conduct will be considered seriously and the appropriate action taken.
Sexual Harassment, in particular, is well documented by DECD and our school has its own policy, which has been distributed. If you would like a copy, please contact the school.
Any queries about these two policies can be addressed to the Principal, Deputy Principal or School Counsellor.

HOMEWORK
Homework time is an opportunity for students to catch up on work not completed at school, for extension activities, for test preparation, for essay writing, for research and to complete projects that are set from time to time.
Homework set at Junior School Level is usually set at the teacher’s discretion, eg. reading and tables etc and should not exceed 30 minutes per night at the Upper Junior School Level (Yr 4/5).
Homework in the Middle School Level is expected to be more demanding than at Junior School Level. In Middle School a weekly Maths assignment will be set as well as an English task. Teachers of other subjects may set homework if they wish.

Please contact the relevant Sub School Manager, if you require more information regarding the homework policy for your child’s year level.

If for some reason your child is unable to complete set homework, please send a note to the teacher concerned explaining the reason.

HOUSE SYSTEM
1. The school is divided into 2 houses:
   - Dukes : Red
   - Parkin : Green
   (Although some R - 3 students have been placed in a house, on Interschool Sports Day, their Fun and Games Teams are formed to accommodate Coonalpyn Primary School and therefore not related to House teams.)
2. Students are usually placed in a House by the time they reach Year 3, or certainly by Year 4.
3. Children of the same family will be in the same House. This is why sometimes, students from Rec – Yr 2 are already placed in a house – to follow the suit of an older sibling.
4. At present the Year 4-12 House Competition is used for:
   - CAS Swimming Carnival
   - CAS Athletics Days
   - Lunchtime Sport
   - Middle School Homegroup competitions both academic and sporting
5. At the beginning of the year, House Captains and Vice-Captains are elected by the students for Years 3-12.
6. Staff are allocated to each House.

IMMUNISATIONS
Immunisation programmes are conducted in conjunction with Government recommendations. The Coorong District Council and the Tailem Bend Medical Centre liaise with the School to arrange dates and distribution of consent forms. Parents and Caregivers are notified well in advance of arrangements. If students are absent for immunizations, it is the responsibility of the parent/caregiver to attend a local medical centre to have the immunisation administered. This is particularly important if there a course of two or more injections is required.
INCLEMENT WEATHER
The School’s policy on inclement weather is reviewed regularly.
Inclement weather relates to HOT or RAINY days.
On rainy days, children will remain in their home groups and be supervised by teachers. This can occur at RECESS, LUNCH or before School.
On hot days, when the forecast weather is 38 degrees Celsius or above - students will have a normal recess but will have a 10 minute lunch play period and then return to their homegroups for the rest of the lunch break under the airconditioners.

**MEDICAL ISSUES AND MEDICATION**
Details of health care needs and medication required are entered on the Enrolment Form and Swimming Consent Form when children are enrolled. The Swimming Consent form is completed at the start of each year also. If any medical condition develops at any time, please inform the school IMMEDIATELY. The school does not provide students with analgesics (panadol, aspirin etc.). It is DECD policy that students go home rather than have drugs administered. As of 2008, students who have a health care need indicated on their Swimming Consent Form will be sent a Health Care Plan, which needs to be completed by a GP and forwarded to the school. The Principal will then invite parents/caregivers to attend a meeting to complete a Health Support Plan. Staff are fully trained in First Aid and in the administration of Ventolin and EPIPEN.

DECD policy requires that medications are not stored on site. If your child has medication that is required in emergency situations (e.g., Bee Sting, Asthma etc.) he/she is required to bring the medication to and from school each day. Students need to bring medication to the Front Office each day for storage and collect it at the end of the day. As such, it may be necessary to keep a cooler bag and ice brick in your student’s school bag to ensure the medication does not get hot. This is DECD policy and it is required to be implemented. Students who have a health care need are required to have a Health Care Plan completed by a medical practitioner and parents are then required to meet with the Principal to complete a Health Support Plan. This is required for all health care needs including anaphylaxis, asthma, seizures etc. Parents who indicate a health care need on the Swimming Consent Form will be provided with details next year. Further details are available at [www.chess.sa.edu.au](http://www.chess.sa.edu.au) and choose the “Pathways” icon. The school has a Health Care Policy that is available on request.

**MIDDLE SCHOOL**
A brochure from DECD titled "Learning for Young Adolescents: The Middle Years of Schooling." is available from the Front Office. It explains what the middle years of schooling are, the characteristics of those students involved, the nature of their schooling and how they can be supported at home and at school.

The timetable is structured in the Middle School so those students have greater opportunity to:
- develop positive relationships with a small range of people within the school community by allocating a small team of teachers with whom they can identify.
- develop a stronger sense of ownership of the curriculum and the learning environment by involving the students in the decision making and planning.
- experience learning that is relevant to their needs by integrating the curriculum wherever possible across the specified areas of study and introducing electives where students will be able to access community expertise.

Two way communication between home and school is a vital link in the success of your students in the middle years. If you wish to know more about the Middle School at Coomandook Area School please contact the school.

**MUSIC**

**DECD Instrumental Music Programme**
A small instrumental programme operates with teachers from Murray Bridge. For details please contact the Deputy Principal.

**NO-SMOKING POLICY**
DECD Policy states there shall be no smoking anywhere on school property. This is during school times and out-of-hours. People working/visiting at the school who wish to smoke must do so outside of the school boundaries. All Schools have a smoke-free environment.
