Hats – any colour hat may be worn as long as students wear a hat with a wide brim (min brim size 7cm) and that it must be “Sun Protective”. Naturally, it would be preferred if a hat available for purchase from the Office be worn, but Sun Protection Hats in other colours will be allowed. Bucket type hats that do not offer appropriate protection should not be worn (eg – the brim not being wide enough and the shape of the hat not offering enough protection from the sun by falling too close to the face and not protecting eyes, nose, ears etc – this is seen as a problem with small bucket hats). Please refer to the Uniform Policy if you have any queries.
