Permission for Transport of Ineligible Students on a School Bus

In accordance with the Department for Education and Child Development (DECD) School Transport Policy, Principals may approve non-entitled students to travel on existing school buses under certain conditions.

Non entitled students may include:

- Students living within 5 kilometres of their "school of right"
- Students seeking to by-pass their "school of right" (to either another Government school or a Non-Government School)
- Pre School Children
- TAFE Students

I, _____ (Parent/caregiver) acknowledge and understand that by request that my child/ren travel on the _____ school bus route for the _____ school year, approval is bound by the following criteria:

- That such approval will not involve the provision of any additional bus service
- That bus routes are not altered to suit the needs of ineligible students
- That the bus has room for the ineligible travellers
- That approval could be withdrawn at short notice if conditions change (for example, if the numbers of eligible travellers increases)
- That such approval is applied for annually, as required.
