2023 School Improvement Plan Summary

COOMANDOOK AREA SCHOOL

Goals	Targets	Challenge of Practice	Success Criteria
All students to achieve SEA in NAPLAN writing.	2023: We are aiming for 100% of all students to achieve the Standard of Educational Achievement in NAPLAN writing with 28% achieving High Band in Year 3, 40% in Year 5, 11% in Year 7 and 7% in Year 9.	If we create a consistent whole school approach to effective writing instruction, using the teaching and learning cycle, we will see increase the number of students achieving in the SEA in writing.	Students will use paragraphing to structure their writing and use correct sentence structure, including conjunctions and punctuation to write fluently. Students will correctly spell words in their writing and use difficult and challenging words (as described by the NAPLAN writing guide). Students will use subject-specific vocabulary in class discussions and in their written assessments. Students will use success criteria to measure their writing and improve their work.
All students achieve SEA in Numeracy.	2023: We are aiming for 100% of all students to achieve the Standard of Educational Achievement in NAPLAN Numeracy with 14% achieving High Band in Year 3, 30% in Year 5, 11% in Year 7 and 29% in Year 9.	If we extend our students' number sense and mathematical thinking and focus on the Big Ideas in Number we will see an increase in students achieving in the SEA in numeracy	We will see students using their maths toolbox to problem solve and using a variety of strategies to count and manipulate number. Students will use mathematical language to describe and represent their thinking across all learning areas. We will see students transferring their mathematical knowledge across disciplines, feeling success by developing a positive mindset towards mathematics.
